SUMMARY

About Me

I am a recent graduate from AL-Zaytoonah with a degree in [Computer information system], where I developed a passion for programming and technology. Throughout my studies, I was committed to academic excellence, achieving outstanding results that reflect my diligence and determination to learn.

Technical Skills:

- **HTML & CSS:** I have strong experience in designing and developing user interfaces using HTML and CSS, employing responsive design techniques to enhance user experience across various devices.
- **JavaScript:** I am proficient in JavaScript, creating interactive and dynamic web applications. I utilize libraries such as jQuery to improve page performance.
- **C#:** I possess a deep understanding of C#, having developed desktop applications and web applications using the .NET Framework, with a focus on object-oriented programming and sound design principles.
- **MySQL:** I have solid knowledge of managing databases with MySQL, including creating and querying data, as well as designing efficient databases to ensure optimal performance.

Projects and Achievements:

- **Academic Projects:** I developed several academic projects, including [mention examples of projects, such as a web application or database], where I utilized multiple technologies and collaborated with teams to achieve specific goals.
- **Self-Learning:** I continually seek to expand my knowledge through online courses and educational resources, enhancing my ability to keep pace with the rapid advancements in technology.

Personal Attributes:

- **Teamwork:** I believe in the importance of collaboration and teamwork, having coordinated with peers to achieve remarkable results in joint projects.
- **Commitment:** I set high standards for myself and work diligently to achieve goals, adhering to deadlines and completing tasks to the highest quality.
- **Creativity and Initiative:** I constantly look for innovative solutions to challenges, proactively suggesting new ideas and improving processes.

I look forward to joining your team and contributing to the company's goals with my innovative ideas and determination for excellence.

My innovation :

I am a recent graduate from Al-Zaytoonah University, where I pursued my passion for studying Computer Information Systems. I have strong skills in HTML, CSS, JavaScript, C#, and MySQL. I am dedicated, proactive, and eager to learn. I enjoy working in teams and am committed to delivering high-quality results. I look forward to contributing to your team and growing in a professional environment.
